

of the belligerent countries notes in which the Scandinavian Governments adhere to the note of President Wilson concerning measures to be adopted for facilitating a desirable peace.

They declare they would consider themselves as failing in their duty toward their respective peoples and toward humanity as a whole if they did not express their most profound sympathy with every effort which may contribute toward putting an end to the sufferings and losses, moral and material, which are ever growing in consequence of the war.

The three Governments express the hope that the initiative taken by President Wilson will lead to a result worthy of the generous spirit which prompted this action.

A majority of the Scandinavian newspapers approve of a peace move by those countries, but a few have sharply criticized the move, alleging that it is useless in view of Germany's reply to President Wilson's note.

The Entente reply to the German note is now complete. It could go forward to-day except for the necessary formality of transmitting it to

all the allies before final delivery. This means that the delivery will be made early in the middle of next week, perhaps on Wednesday.

The delivery will be made at Paris, after which the communication will be forwarded to Germany through American channels. The reply is much longer than the German note. This point has been one of the matters of discussion during the conference, the objection having been raised that it is too long, and should be short and sharp. But there were so many points for elucidation and such a complete difference of conception of the objects and purposes for which the two sides went to war that it was found desirable to extend the note to considerable length.

The presence here of Alexander Ribot, the French Finance Minister, permitted the French Ministry to be represented during the conference.

Unusual optimism is shown here as a result of the final form which the reply has taken, which is believed to be such that it will meet with satisfaction at Washington.

The reply to the American note will follow within a few days after the delivery of the reply to Germany.

ROME, Dec. 29 (via Paris).—The Observator Romano, the official organ of the Vatican, prints to-day an official denial of reports published abroad to the effect that the Papal Nuncio at Vienna informed the Vienna press that the Austrian Emperor had requested him to ask Pope Benedict's intervention for peace and that the Pope had given a favorable reply.

Denied Passenger Cars Halt at Edge of 300-Foot Cliff.

CHARLESTON, W. Va., Dec. 29.—A passenger train from the Coal River branch of the Chesapeake & Ohio, jumped the track near Kayford, W. Va., to-day at the top of a precipice 300 feet above Cabin Creek. Quick action of Engineer Morris in reversing the power prevented a catastrophe. More than a hundred passengers were aboard. Several persons were slightly injured. Two coaches were left only a few feet from the edge of the cliff.

POPE MAKES DENIAL IN OFFICIAL PAPER OF MOVE FOR PEACE

ROME, Dec. 29 (via Paris).—The Observator Romano, the official organ of the Vatican, prints to-day an official denial of reports published abroad to the effect that the Papal Nuncio at Vienna informed the Vienna press that the Austrian Emperor had requested him to ask Pope Benedict's intervention for peace and that the Pope had given a favorable reply.

Denied Passenger Cars Halt at Edge of 300-Foot Cliff.

CHARLESTON, W. Va., Dec. 29.—A passenger train from the Coal River branch of the Chesapeake & Ohio, jumped the track near Kayford, W. Va., to-day at the top of a precipice 300 feet above Cabin Creek. Two coaches were left only a few feet from the edge of the cliff.

GERARD SENDING MESSAGE TELLING OF GERMAN STAND

Wilson Wants Full Details With Which He Can Approach Entente Allies.

WASHINGTON, Dec. 29.—Although he is in possession of the general terms upon which the Central Powers wish to make peace, President Wilson is striving earnestly to secure additional details and essentials with which he can approach the Entente Allies again. Washington realizes that the movement for peace is rapidly reaching a climax.

Ambassador Gerard is understood to have informed this Government that Germany will leave no stone unturned to bring about a cessation of hostilities. In addition to his confidential message to the State Department, sent as an appendix to the official Berlin reply, it is understood that other important information is coming, or is now on the way.

If these details are secured shortly a special plea can be made to the Entente allies not to close the door to peace in their forthcoming reply to the President's request for a statement as to their aims.

Count von Bernstorff knows the extent of the concessions the Central Powers will make, and he may be authorized by his Government to transmit them to the President. He is believed to have received them in a secret document from Capt. Koenig of the submarine Deutschland when he called upon the skipper after his last voyage into New London.

From a source close to the German Embassy, which has accurately forecast every one of Germany's peace moves, it was learned to-day that the territorial integrity of Germany and her allies will be demanded by the Central Powers, and this will include a return of all her colonies.

If Germany can secure her way, she would have the peace conference first discuss and settle the radical territorial readjustment and frame up a tentative peace treaty. Then the doors of the conference might be thrown open to all neutrals for a frank discussion of the question of international disarmament, a reduction of armaments or a league to enforce peace.

Germany desires to keep the terms secret because she believes the radical elements in every one of the fourteen warring nations would balk attempts at peace if concessions are made and published. She believes if the terms are made public and discussed by the citizens of Germany and other belligerents, there would be no hope for peace.

Turkey's reply to President Wilson's peace note was received to-day at the State Department. It is substantially the same as Germany's and Austria's.

MRS. CHARLES H. SABIN, BRIDE OF BANKER AT HURRIED WEDDING

TEUTONIC SWEEP THROUGH ROUMANIA SMASHES BARRIERS

Another Dobruja Town Falls to Mackensen—2,800 More Prisoners.

BERLIN (via wireless to Sayville), Dec. 29.—Victorious progress of the Teutonic troops in Roumania, Dobruja and Transylvania, attended by large captures of Russians and their guns, was detailed in to-day's statement.

The official statement reads: "The southern wing of the army commanded by Infantry General Gork in co-ordination with movements in Great Wallachia, has advanced eastward in the mountains. German and Austro-Hungarian troops in the intersected Highland Terrain of the Transylvanian eastern front captured by storm and hand-to-hand fighting several positions lying one behind the other. Fourteen hundred Russians and Roumanians were made prisoners and eighteen machine guns and three cannons captured.

"On the left wing of the Ninth Army von Mackensen's Havarian and Austro-Hungarian troops, commanded by Lieut. Gen. Kraft von Delmeningen, broke the strong resistance of the allied adversaries in the mountains and reached Dumitrest, twenty kilometers northwest of Rimnik Sarat.

"The right wing of the army advanced northeastward between the Rimnik sector and the course of the Buzov, captured several tenaciously defended villages and forced the retreating Russians to no time to settle themselves in the prepared position in the lakes sector. In these engagements West Prussian Infantry Regiment No. 148 gained distinction.

"The prisoners brought in on Dec. 28 number 1,400 Russians, and the booty three cannons and several machine guns.

"In Dobruja, Ratchelu has been captured.

"PETROGRAD, Dec. 29 (via London).—Violent fighting took place between Russian troops and forces of the Central Powers yesterday in Central Roumania. In the region of Anara, according to the Russian official statement issued to-day, a Teutonic force, 35,000 men strong, launched an attack on the Russian lines. The battle continued until evening, when the engagement slackened. In the sector of Rimnik Sarat and Holdu all the attacks of the invaders were repulsed by the Russians.

GRAZED MAN SHOTS DOCTOR; THEN BARRICADES

Police Attack Him, but Fail to Dislodge Him From House to Which He Flew.

BALTIMORE, Md., Dec. 29.—George Gantz, a delirious patient, shot Dr. George H. Hocking four times this afternoon. Gantz, still brandishing the revolver, rushed from the stairway of his home and barricaded himself in a room, from which he opened fire on the police.

Mrs. Skipworth Gordon Gatchell, one of Gantz's sisters, appeared on the scene and sought to pacify her brother. He responded with a threat to kill her and flourished his pistol, but before he could shoot, Police Sergeant Ritter fired and Gantz withdrew from the window.

In an attempt to draw his fire the police then began shooting at the rear of the house. They were hopeful that his supply of ammunition was limited and that they could induce him to exhaust it. He was still holding out at 4 o'clock this afternoon.

Gantz is widely known in the insurance business. He is a Harvard graduate and recently has devoted much time to scientific research.

U-BOAT AND MINE VICTIMS.

Two More Steamships Sunk by Torpedoes—Two Are Mined.

LONDON, Dec. 29.—The British steamship Copswold, 500 tons gross, has been sunk.

The Norwegian steamship Ida, 1,300 tons, is reported to have been sunk.

WASHINGTON, Dec. 29.—The British tank steamer Paul Patk, which left New York Nov. 25 for Calais, struck a mine off the English coast and was towed into Swansea Dec. 24, according to a report received to-day at the State Department from Vice Consul Veleverton at Swansea. The report also said the French schooner St. Louis had struck a mine on Dec. 26 and sunk with the loss of three men.

Yale Student Secretly Married at White Plains.

CHICAGO, Dec. 29.—Chicago's younger set to-day took a second look at engagement announcements received Sept. 12 when they learned that Miss Lois Bell and John H. Thompson were secretly married June 22 at White Plains, N. Y. Young Thompson, son of the owner of a nation-wide chain of restaurants, was married just after finishing his third year at Yale.

8,500 Canadians Permanently Enlist.

OTTAWA, Ont., Dec. 29.—The total of Canadian soldiers who have returned from the front medically unfit is 8,500, according to a militia department statement. Of these, 1,449 have been wounded, gassed or are suffering from shell shock.

Receiver for \$3,500,000 Dry Goods Company.

ST. LOUIS, Dec. 29.—Henry S. Caulfield was to-day appointed receiver for the Hargadine-McKittick Dry Goods Company, one of the oldest wholesale dry goods houses in the Southwest and with a capitalization of about \$2,500,000. The receivership suit was brought by minority stockholders.

The Quinine That Does Not Affect the Head.

Because of its tonic and laxative effect, laxative quinine can be taken by anyone without causing dizziness or ringing in the head. This is the only quinine that does not affect the head. It is W. W. GIBBS'S signature on box, 22c.—Advt.

GERMANS PIERCE THIRD FRENCH LINE ON VERDUN FRONT

Take 222 Prisoners and Hold Positions, Is Berlin Claim.

BERLIN (via Sayville wireless), Dec. 29.—French first, second and third line trenches were penetrated around the famous Dead Man's Hill and 222 prisoners taken in an assault reported by to-day's official statement.

The German soldiers held the new positions against several French counter-attacks, which were repulsed at night time, the statement said.

The text of the statement reads: "Army Group of the German Crown Prince—On the west bank of the Meuse yesterday, on Hill 304 and on the south slope of Dead Man Hill, portions of Infantry Regiments Nos. 13 and 153 and of Fusilier Regiment No. 37—all gloriously known from their operations on the Somme—made advances into French positions.

"The detailed preparation by the artillery and by the frequently tested mine throwers, which through their efficiency have become indispensable weapons for the infantry, opened the road to the advancing detachments into the second and third lines of the hostile positions, from which 222 prisoners, among whom were four officers, together with seven machine guns, were brought back.

"Several French counter-attacks upon the captured trenches, which also were repulsed during the night, were repulsed.

"Several prisoners were brought back by brave soldiers from Wuertheimberg and Baden from hostile positions in the Cheppy Wood and Malancourt.

"PARIS, Dec. 29.—A sudden German offensive, following a violent bombardment, between Hill 304 and Dead Man's Hill, which failed owing to a French screen of infantry and machine gun fire, was reported in to-day's official statement.

A small number of Germans penetrated in council, made public to-day, the Minister of Naval Service may requisition any Canadian ship for the service of the Admiralty.

Canada May Requisition All Ships for Admiralty.

OTTAWA, Ont., Dec. 29.—By a recent order in council, made public to-day, the Minister of Naval Service may requisition any Canadian ship for the service of the Admiralty.

Woodrow Wilson, Denver Baby, Win First Prize in Contest.

DENVER, Colo., Dec. 29.—Woodrow Wilson, aged seventeen and one-half months, son of Mr. and Mrs. H. Wilson of Denver, won first prize with a perfect score of 100 per cent in the "Better Babies" contest now on here under the auspices of the Colorado Osteopathic Association. Hundreds of babies ranging in age from six months to five years were entered in the contest.

3,400,000 JOIN RANKS OF THE MONEY SAVERS

Thrift Campaign Explained by Secretary of Bankers' Association.

Milton W. Harrison, secretary of the savings bank section of the American Bankers' Association, to-day explained the national campaign of the association to gain millions of new savers of money this year. He quoted Dr. Elliot of Harvard as estimating \$3,300,000,000 was wasted in 1916 on intoxicating and soft drinks, tobacco, jewelry, automobiles, confectionery, tea, coffee, millinery, patent medicines and chewing gum.

The national economic history of the United States was to be traced to the thrift of the Edisons, Carnegies and Rockefellers who by thrift made themselves able to become masters of industries and brought prosperity and great wealth to thousands of others, he said.

"There has been an increase of approximately fifteen per cent in the number of depositors this year," Mr. Harrison said, "for 2,600,000 new savers. It means some waste is being eliminated. But there is plenty more to do in the thrift movement."

5,992 VOTES WERE CAST BY NEW YORK SOLDIERS

State Board of Canvassers Completed Count To-Day—Wilson Lost State by 119,812.

ALBANY, Dec. 29.—The State Board of Canvassers to-day concluded the canvass of the soldiers' votes, which added 5,992 votes to the State's total.

The official plurality of Charles E. Hughes over President Wilson in New York was 119,812. The vote stood: Hughes, 879,238; Wilson, 759,426.

Gov. Whitman polled \$30,029 against Samuel Seabury's \$36,862, a plurality of 14,158 for Whitman.

At the conclusion of the canvassers' meeting, Secretary of State Hugo was sworn in for his second term and immediately administered the oath of office to State Treasurer Wells and State Engineer Williams.

The other elected State officials, except Gov. Whitman, will be sworn in before Jan. 1.

The Governor will take the oath of office on New Year's Day.

Woodrow Wilson, Denver Baby, Win First Prize in Contest.

DENVER, Colo., Dec. 29.—Woodrow Wilson, aged seventeen and one-half months, son of Mr. and Mrs. H. Wilson of Denver, won first prize with a perfect score of 100 per cent in the "Better Babies" contest now on here under the auspices of the Colorado Osteopathic Association. Hundreds of babies ranging in age from six months to five years were entered in the contest.

GIRL IS BLINDED IN WRECK OF AUTO; TWO OTHERS HURT

Sister Also Injured and Youth in Whose Car They Were Has Thigh Broken.

PASSAIC, N. J., Dec. 29.—Three persons are in St. Mary's Hospital as the result of an automobile accident at midnight.

Rose Resnick, seventeen years old, of No. 209 Fulton Street, has a fractured skull and it is believed will lose the sight of both eyes. Minnie Resnick, sixteen years old, sister of Rose, has minor bruises about the body. Harry Denner of Carlstadt, N. J., sustained a fractured thigh and bruises about the body.

The two girls left their home last night telling their mother they were going for a walk. Nothing more was heard from them until after midnight, when Minnie telephoned saying she and her sister had been in an automobile accident and that she was not badly hurt.

According to the story told by Minnie, they were on Washington Avenue, Belleville, near Newark, when their machine was racing abreast of another. This car skidded and ran into a tree. The machine was wrecked. There was another man with the party, but he escaped.

The occupants of the first machine stopped and brought the injured to the hospital, then disappeared without leaving their names.

WAR BIOLOGICALLY WRONG, SAYS ROCKEFELLER AIDE

Not Necessary to Preserve the Virility and Courage of Man-kind, Declares Dr. Loeb.

Dr. Jacques Loeb of the Department of Experimental Biology of the Rockefeller Institute to-day read a paper on the biological aspects of war. He said: "There are those who hold that war is necessary to preserve the virility and courage of mankind. There is no need to argue that persons who are in a state of homicidal emotion are merely manifesting the appearance of courage. The assumption that virility or courage will disappear if not practiced is a biological fallacy."

used in the form of war implies a false biological premise—that functions not practical or organs not used will disappear in the offspring.

"The struggle for existence and the survival of the fittest are not laws of nature in the sense in which the term 'law' is used in the exact sciences. Individuals with a strong homicidal mania who just manage to suppress their paranoiac tendencies will welcome war, since it removes for them the burden of constant inhibition. No human society can be expected to exist unless the necessity of suppressing or curbing the harmful pathological instincts of the individual is recognized."
